

**UNITREX**  
POLYCARBONATE

# Ultra R-Panel

Introducing *Ultra R-Panel*: the strongest corrugated polycarbonate product on the market today.

The ultimate siding and roofing panel for your facility:

- Virtually unbreakable yet easy to handle and install
- Matches corrugated metal profile
- Wide range of resistance to corrosion
- Low non-combustible flame spread rating of 6
- UV resistant; will not yellow, turn brittle, or discolor
- Easily stands up to harsh temperatures (-30°F to 260°F)

Sheet Size: 38"W x up to 38'L

Manufacturers & Suppliers since 1973
