Agricultural/Industrial Building Panels

Corrugated PVC Liner Panel

AG-TUF corrugated PVC liner panel allows efficient cladding of structures with many benefits for all types of agricultural professionals. From hog barns to dairy sheds, from poultry houses to wineries and more. AG-TUF and AG-TUF UV hold up where other products won't.

AG-TUF – for indoor cladding applications such as liner panels and partitions. Gain better climatic control and sanitary performance.

AG-TUF UV – For exterior applications where a heavy panel and protection from the sun's damaging UV rays are required.

Overview: AG-TUF's resistance to chemicals allows for frequent cleaning and sanitary maintenance, as well as extended service in harsh chemical environments.

AG-TUF panels are extremely easy to install and maintain using ordinary tools, while preserving its attractive glossy appearance over a long period of time.

Features:

- Smooth surface for easy cleaning and sanitation
- Excellent chemical resistance
- Resists emitted gasses in animal breeding areas
- Rust-proof and easy to maintain
- Excellent light reflectance
- Mechanically durable
- Attractive high-gloss finish
- Resists marking and scratching
- Non-flammable
